VOL. XXXIII.

STANFORD, KY., TUESDAY, JUNE 13, 1905.

NO. 30.

To the Democrats of Lincoln:

I cheerfully accept the decision of the Court of Appeals and am for my successful competitor and the rest of the Democratic ticket. I thank my friends for their efforts in my behalf and now ask them to give to Mr. Hill and the other nominees their hearty support, as I propose to do.

GEORGE W. DeBORD.

MATRIMONIAL.

The general synod of the Reformed church in America in session at Asbury Park, N. Y., adopted a resolution endorsing reform in divorce and enjoining its ministers against marrying persons who had been divorced on other than scriptural grounds.

A Missouri woman sued for divorce because her husband put his feet on a chair during meals and his shoes on the parlor table, but the Judge decided that while those were exasperating causes for desiring separation, they were not enumerated in the list of causes for divorce. Every wife will agree, however, that if she could make the laws they would be included.

Mrs. Martha Bright Adams, of Hustonville, announces the engagement of her daughter, Nelle, to Mr. Rodman Keenon, of Harrodsburg. The marriage will be in the late summer. Miss Adams is a charming young woman, pretty and popular, and the young man who has won her heart is to be congratulated. Mr. Keenon is a clerk in the clerk of the court of appeals office at Frankfort and is a splendid gentleman.

A telegram was received here today announcing the marriage of Frank M. Springer to Miss Sallie Green at Missoula, Montana, yesterday. Mr. Springer is one of Harrison avenue's business men and is well known here. The bride was formerly a nurse in the hospital in this city. This romance, which has resulted in marriage, was begun in Guthrie about 18 months ago when Miss Green was a nurse and Mr. Springer an inmate of the hospital. At that time they became deeply in love and the culmination of it all is that they are now happily united in wedlock. — Guthrie, O. T., Leader.

CHURCH MATTERS.

Rev. J. T. Chastain will preach at Harris' Creek church Saturday night and Sunday morning, next.

The State Sunday School Convention at Somerset was an auspicious occasion from beginning to end. The good people of the Queen City of the Mountains took splendid care of the hundreds of delegates and sent them home singing their praises. The next place of meeting will be Ashland. The following officers were elected: W. J. Brown, Somerset, president; Rev. H. J. Derthick, Hazel Green; Jesse T. Gosnell, Leitchfield; Rev. Frank Hardy, Louisville; vice presidents; E. A. Fox, general secretary; T. C. Grebaur, Henderson; W. J. Vaughn, Madge Field, secretaries; E. N. Woodruff, treasurer; Miss Nannie Lee Frayser, superintendent primary department; H. K. Taylor, Beechmont, superintendent young men's department; J. Shreve Duhamel, Greensburg house-to-house visitor; Rev. H. G. Ogden, Louisville, head of home department.

Mrs. J. B. Marcum, who has returned to Winchester from Jackson, says the Hargises, Ed Callahan and B. F. French, charged with the murder of her husband, have not been incarcerated a minute since their return to Jackson, but that Buck Cottongane, who was a witness against the Hargises in the trial of the damage suit, was thrown into jail on his return on a minor charge, and the bond he offered was refused.

Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied. G. L. Penny.

Water is so nearly incompressible that it is but little denser at the bottom of the ocean than on the surface. Any substance which will sink will go directly to the bottom, in spite of the popular belief to the contrary.

IN NEIGHBORING COUNTIES.

The salary of the postmaster at Monticello has been increased from \$1,200 to \$1,400.

G. A. Peyton has recently installed a cash register and accounting system that is about as near complete as anything in the line that has yet made its appearance on the banks of Yellow Creek. — Middlesboro News.

Dental Gold Mines.

More than two million dollars' worth of gold is annually hammered into teeth by dentists, and the use of gold is so rapidly increasing that in the course of time a considerable sum will be thus tied up.

Ten years ago only one man in four went to the dentist to have a cavity filled. Then extraction and the subsequent plate were common. Now it is the practice to save the natural teeth, if possible, or bridge gaps with gold.

Crown work, bridge work, and fillings have grown so popular that, while the gold used on each patient is comparatively insignificant, the aggregate is enormous.

In the last 10 years more than \$15,000,000 worth of gold has been used for dental purposes, and within five years more the consumption of gold will probably be increased by another \$1,000,000 worth annually.

As little of this gold is ever recovered, it will be seen that in the course of time a large supply of gold will be lost to circulation unless some other dental metal is discovered.

Boiling It Down.

There is a paper published in Connecticut whose proprietor, also the editor, has a craze for condensation in news stories. "Boil it down! Boil it down!" he will shout at every newcomer (and at the veterans, too, for that matter) until the whole staff seems possessed of only one idea, and that: "Boil it down!"

One afternoon there came to the office by long-distance telephone notice of a terrific explosion on board a craft then cruising in Long Island Sound. Calling one of the reporters, the editor said:

If you can catch the next train you will be down there by 5 o'clock; and can easily wire something for our night edition; but, for heaven's sake, boil it down!"

The reporter literally followed his instructions; for his message came in these words: "Awful catastrophe. Anna Carter. Boiler empty. Engineer full. Funerals Friday."

Trouble Increasing.

When your trouble with food-digestion seems to be increasing, and with various pains, like stomach-ache, headache, backache, etc., beset you; when your bowels and liver seem continually out of order, what you need is Dr. Caldwell's (laxative) Syrup Pepsin. It is safe, pleasant and far superior to all pills or cathartic waters. Sold by G. L. Penny, Stanford; C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

At Maysville United States Judge Cochran heard argument on the motion to transfer the case of Caleb Powers from the Scott county court to the United States court and reserved decision. Cured Of Bright's Disease.

George A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians 12 years; had taken a well-known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every 15 minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." G. L. Penny.

Hewitt—That is a queer case where the girl claimed that she was injured by the carelessness of the street railroad company.

Jewett—What was there queer about it?

Hewitt—The girl sued the company, and while the trial was going on she went around on crutches; but as soon as she got a verdict against the road she threw them away.

Jewett—I suppose the money put her on her feet. — Judge.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. G. L. Penny.

The ball game here Saturday had a good audience but the game was poor, the picked men from Boyle county being nearly shut out by the local team, the score being 14 to 4 in favor of Hustonville.
